

FAQ Continued....

Answers from our knowledgeable staff

HOW LONG ARE YOUR PANELS?

We custom cut your panels to the length you need.

WHAT ARE THE SCREW PATTERNS TO PROPERLY INSTALL THE PANELS?

We recommend a minimum of 24”.

DOES HOMEWOOD METALWORKS INSTALL THE ROOFING MATERIAL?

We will install commercial roofing, but not residential. If you need installation for residential we will help you find a contractor.

DO YOU HAVE ANYONE TO HELP ME INSTALL THE MATERIAL?

Yes, we have a list of reliable & insured contractors.

DO YOU SELL DOORS?

Yes, we have walk doors (half glass or solid), chain drive roll up & manual roll up doors.

DO YOU HAVE EVERYTHING THERE I WOULD NEED?

Yes, we have everything you should need to properly install your roof.

IF YOU HAVE SHINGLES, DO YOU NEED TO REMOVE THEM BEFORE INSTALLING THE METAL ROOFING?

No, as long as you use synthetic felt or furring strips.
